THE STORY

Vibe 2000 is once again hosting a luxury lounge at the sixth edition of the DStv Delicious International Food and Music Festival which will bring some serious food for the soul, with neo-soul icon Erykah Badu set to headline the two-day fest at the Kyalami Grand Prix Circuit in Midrand on 22 and 23 September 2018. Our Vibe 2000 Lounge is perched on the elevated VIP section overlooking the main festival terrace.

True to our brand we will host light DJ sets between performances exclusively for our patrons. The musical line-up is further beefed-up by the funk DJ collective, Jazzanova, and the British acid jazz band, D'Influence. More acts are set to be announced in due course.

Our interior design and deco creates a VIP lounge with amazing atmosphere, style and panache with a private lounge option to enable clients to take advantage of an experience that is conducive to both social and business networking.

Our Chef's tasting menus will be served to guests in two meals per day and our experienced team of dedicated hostesses, waitresses, bar staff, cleaners, VIP security and management staff to ensure this 5 star standard is delivered throughout the event. After the performance on the stage as we have done for 21 years "WE GET DOWN "to the sounds of our resident Sishisoul and guests.
